

SHERLASTIC™ Elastomeric Coating

*Economical protection from
wind-driven rain.*

*Maintains a fresh
appearance and
reduces callbacks.*

SHERLASTIC advantages

- Prevents water damage on interior surfaces
- Covers & hides hairline cracks, elongates
- Easy to apply
- Resists efflorescence
- Wide range of colors, tintable
- Warrantable on select jobs

The benefits to you

SherLastic is an economical elastomeric coating designed for use on masonry and concrete construction to prevent water from penetrating into building interiors. The flexible elastic film covers and hides hairline cracks, making uniform pinhole-free jobs easier and faster to achieve.

Concrete Solutions. Solid Results.

SHERLASTIC™

Elastomeric Coating

SHERLASTIC Elastomeric Coating

“Sherwin-Williams has again developed another superior high performance coating. The breathable properties inherent in SherLastic make it a unique waterproofing coating. It is a winner in application, appearance and durability.”

Kent Timmler

*Service Painting Corp.
Menomonee Falls, WI*

“SherLastic was easily applied, it has good wet and dry hide and its bridging capabilities were excellent.”

Jerry Carter

*Classic Painting & Associates
Las Vegas, NV*

SherLastic elastomeric coating provides waterproof protection for a variety of masonry surfaces.

Protection and value

SherLastic elastomeric coating goes on smoothly and easily, resulting in a pinhole-free finish with less labor. The flexible elastic film hides hairline cracks while protecting interior walls from water damage. SherLastic offers great-looking appearance, water protection and value.

Dependable customer satisfaction

SherLastic is designed to maintain its freshly coated appearance and reduces callbacks due to white salt surface staining. It does not trap moisture vapor inside, so it prevents blistering and failures. A performance warranty is available on select jobs.

Use SherLastic on all types of commercial or residential new masonry construction or repaints:

- Stucco
- Concrete panel
- Pre-cast concrete panel

Fast turnaround on custom colors.

A complete system from start to finish

Our comprehensive system of masonry coatings provides long-term moisture protection and lasting appearance. From waterproof coatings, water repellents and sealants—to primers, fillers and patching compounds—our exterior and interior masonry coatings perform on all substrates, in all types of climate conditions and environments.

See the Sherwin-Williams Masonry Coatings Systems Selection Guide for help in selecting the right system for your application or contact your Sherwin-Williams representative.

Solutions and Service

Sherwin-Williams is your one source for high-quality coatings, colors, equipment and advice.
