

LOXON® WATER REPELLANTS

LOXON WATER REPELLANTS.

MAXIMUM PROTECTION WITH MINIMAL EFFORT.

**ENGINEERED FOR LARGE COMMERCIAL MASONRY
AND CONCRETE STRUCTURES.**

PROTECT
YOUR STRUCTURES
FROM CHLORIDE
AND MOISTURE.

**LOXON WATER
REPELLANTS DELIVER
WHERE IT COUNTS:**

- + Ideal for large commercial masonry and concrete structures
- + Protects against wind-driven rain and chloride attack
- + Does not mar glass or flashing for minimal prep and clean-up
- + Meets ASTM standards for water repellency
- + Conveniently available at local Sherwin-Williams stores

The best waterproofers you'll never see.

If you want to protect masonry or concrete from chloride attack and wind-driven rain, then you need Loxon Water Repellants. Available from your local Sherwin-Williams store, they are as easy to get as they are to apply. Their transparent, no sheen finishes penetrate masonry and concrete to provide maximum protection while maintaining a natural, uncoated look. Plus, they produce no film, so glass and flashing will not be marred.

LOXON 40% SILANE WATER REPELLANT PROVIDES HIGH PERFORMANCE TO MEET EXACTING SPECS

When the job calls for complete protection from water, then the answer is Loxon 40% Silane Water Repellant. This premium coating penetrates concrete to seal out moisture and chloride.

LOXON SILOXANE WATER REPELLANT OFFERS LOW IMPACT ON THE ENVIRONMENT – AND YOUR BUDGET

If budget and environmental concerns are at the top of your list, Loxon Siloxane Repellant is your ideal choice. Boasting zero VOCs, it has quickly become a favorite among those looking to protect the planet as well as their concrete projects. What's more, its ability to repel water and chloride attack will far exceed any expectations you may have for a water repellent at this low of a price point.

INDUSTRY-LEADING INNOVATION, FROM A NAME YOU CAN TRUST

For over 140 years, Sherwin-Williams has provided contractors like you with the innovative products and services needed to build your business. And with over 3000 stores and sales representatives across North America, personalized service is always available near your jobsite.
