

PRO INDUSTRIAL

INDUSTRIAL ENAMEL 100

Low odor,
low VOC,
all purpose
industrial
enamel.

Great Alternative to Standard Industrial Enamels

Pro Industrial™ Industrial Enamel 100 is specifically engineered to be abrasion, chip and flake resistant. This high solids alkyd gloss topcoat contains less than 100 g/L VOCs, making it ideal for use on handrails, doors, frames, machinery and equipment found in schools, hospitals, hotels, commercial buildings and industrial sites. It is low-odor, low-VOC and HAPS-free, and is great for use in interior and exterior applications or safety-marking identification.

Excellent Durability and Twice the Coverage per Gallon

An excellent all-purpose enamel, Pro Industrial™ Industrial Enamel 100 is unlike any other product on the market. It provides all the durability of industrial enamel with twice the coverage per gallon. It is available in a wide range of colors, including safety red, safety yellow and black package colors. This low-odor, all-purpose enamel is easy to apply by brush, roll or spray and is intended for interior and exterior use in both industrial and commercial applications.

Convenience Meets Durability
