

# PRO INDUSTRIAL

## PRE-CATALYZED WATERBASED EPOXY

Ideal for high  
traffic areas  
where durability  
and washability  
are critical.

## Where High Traffic is Inevitable and Cleanliness is Essential

The washability, chemical resistance and hard, impact-resistant finish of Pro Industrial™ Pre-Catalyzed Waterbased Epoxy makes it the ideal coating for high traffic areas like hospitals, schools and restaurants. Its excellent hide and great coverage minimizes the number of coats needed. Specially formulated for block, drywall, masonry and concrete, it's the perfect coating for almost any commercial project that demands durability, performance and the ability to withstand repeated cleanings.

## Productivity for Profitability — It's a Win-Win Proposition

Pro Industrial™ Pre-Catalyzed Epoxy's single-component, waterbased formula will save you valuable time. There is no need to mix or measure. There is no limited pot life. Application and cleanup is fast and easy. Available in eg-shel and semi-gloss, this product allows you to deliver the look your customers want on time and on budget.

## Convenience Meets Durability
